APPENDIX.	
	Description of The Crew-----98 to 138.

Preface

Kind Reader If you can have the patience to embark with me I will give you a plain straight forward account of my experience as a sailor, and you can depend upon every incident as being true, excepting names.

But perhaps some may read this who were my companions in my voyages, and if so they will readily recognize the different characters; and if I can interest an idle hour for you, Reader, my purpose will be accomplished.
