Saw plenty of flying fish. Passengers getting better  
of their sea sickness. Nothing new, got up a carpenter  
box bench for the Carpenters use  
Lat. 34.10 N Long. 53.09 W

Thursday Aug 23<sup>rd</sup>

Fine breeze & clear weather going along about eight knots  
with Studding sails out. Have seen a great deal of Gulf  
weed today. If the wind continues to hold in this quarter  
& to blow as fresh as it does at the present time we are  
in hope to fall in with the trades by Sunday next,  
then hurray! for fine weather & fair winds. The passen-  
gers are all recovering from their seasickness, in fact  
some are entirely so already. When they all recover their  
health & spirits, we shall have some rare fun entertained  
with instrumental music, for we have several musicians  
with their instruments on board.

Lat 32.39 N Long 50.36 W
