The United States Brig Porpoise is at  
sounding round the world once every  
24 hours & when she was down on the  
Equator & the long 21. or west the greatest  
Depth of water was 2800 Fathoms &  
the shallowest water that I have found was  
2300 Fathoms

42.31	6.09.24		
42.26	6.09.55		
	6.10.15	at 2.50 P.M.	

Then

Polar Distance 92.83  
Equator -- 9.15

we have got a man on board by the name of  
Lewis M. A. Furman belonging to Saxony we took him  
from the Banque George & Murray of which he is sick
