When I got home it was just about nine
Sent about at coffee time
My master he took very cross
Because he thought I made his home

6

Wednesday night I began to rove
Thinking for some place to lodge
But I sat thinking by the fire
I tumbled back with in my chair

7

The first I hit was my head to the floor
Which make me so I slept no more
My master he stod side of me
My mistress she laught heartily

8

Thursday night I sat out again
Went awaiting cousin John
There we both went to see the girls
He took Pell and I took Sall

In the night the war broke out
The old woman she came scolding out
And then she took us booth by our hairs
And we came tumbling down the stairs

10

The boys began to jeer
For I will have none of your ways
For I used to much by girls
To stay with Pell or Sall

I looked east I looked west
To see which of them I liked best
But we both getting turned out
Was worse them getting the day before

12

As we were going up to Rose
I bid one say my face I will scour
For I am not fit to be seen
And then she steped behind the screen

13

Presently she did come in
And she was dressed very neat and clean
Soon as she see me wink at her
She Answered me you servant sir

14

Some was reeling of their yarn
And som their stockings they did darn
Som took snuff and som did not
And how many children I have got

15

Som was up and some was to bed
And some was under the counterpane
Some times I stayed some times I would not
Som times might some times I could

16

Then I sat out in good ernist
I courted 10 daughters of the priest
And then A bargain soon was made
And we were quickly married
