

good weather the Capt intends going ashore and see if he  
can not catch some small fish if there is any here and  
he talks of shooting a Bear but I do not think there is much  
chance of it it commenced raining and rained till twelve steady  
and then it rained. ~~It rained about 1/2 hour and in good~~  
breeze and shifted down around the Camp

Wednesday July 25<sup>th</sup>

Raised two Ships standing in towards land  
we stood in to about 5 miles of land here that and stood  
of the says it is to let to go this day hauled back down  
ward they coming for us one proved to be the ship the other  
the Chander Price both of it B the Chas 2200 lbs of 500 fath  
top full sail and the job hauled up once stood of and on  
land under you in a clear calm received their letters  
from here by the way of Capt. Feber at day light moved 9  
Boats and pulled in for the Bay it being a dead calm  
we pulled till there was not a ship to be seen and then  
was 5 miles from land and the Bay is 15 miles deep see two  
Bears and the coast was covered with tracks

Thursday July 26<sup>th</sup> Lat 59.10

We have seen 5 Blk. Birds did not try to strike  
them plenty of mice places to Anchor here and for any part  
I think there might be Whales taken here though they can  
not be seen 1/2 a mile from land we started for the ship and  
after putting 15 miles and having a head wind we could just  
see the ship it was a long time before the ship saw us we being  
in shore we will get aboard after a haul of good 15 miles stand  
along land all night covered four Boats at 6 o'clock

and stood in shore see one Bear Head so stood along shore  
with sail up a spanking breeze about eleven we see people  
on the beach sent in there and landed see plenty of Whales  
and Deer they were us salmon both dried and fresh  
McDonald of us left hold

Friday July 27<sup>th</sup>

See a very few Bear tracks here although the people  
told us there was plenty of them here yesterday the king  
had died away in a great measure see any quantity of seal  
they set traps from the ship for us to come on board pulled  
on board heeled up got every thing ready for the morning  
the Capt had made two sets one for us & the other for B. B. &  
Steele, B. & Cross, Weeks, Spang, and Black all sail set  
sailed all hands got Breakfast and three Boats sent  
in shore about 5 o'clock on board good breeze did not  
pull any Capt. had made sets for the Boats and he like  
them so much did not see a spot sent on board they  
had see two Whales and heard for them

Saturday July 28<sup>th</sup>

The Capt Panning with the C. Price the day  
it met in sight steering full and by an false  
track wind from the Eastward came on board left  
her of 10 1/2 squared in space set Boats Cross Weeks  
2 hours each pulled 15 miles and drove to full sail brace in  
hard core loose the top and down to full sail see quite a fresh  
looking Tommie raised a sail on the western beam steering the same  
course our Partner is close to us both ships get through the water  
about the same rate this ship is turned well that one had
