In May and June
 Good ground for Right Whales in Lat 45.00
 and Longitude from 180. to 160 East. In July
 and August you will find them off St Peter
 and St Pauls Harbour Namskata 90 from
 the Land to the Shore Also good Weather
 during those Months

I am informed by Capt Peters of Ship
 France there is several fine small Bays
 to the Southward of St Pauls Harbour
 where a Ship may anchor and lie safe
 until the Month of September and plenty
 of Right Whales. The above mentioned Bay
 lies in Lat. from 52 to 53 North

Harbour of St Peter and St Paul Namskata

In going into the above place keep the
 Starboard Shore on Board

You will see three rocks. Which you
 will leave on your Starboard Hand
 in going up the Harbour. When abreast of
 you may anchor, or in fact you may anchor
 in any part of the Bay after passing its mouth
 as I am informed by Capt Rich
